Lloyds Bank Foundation for England and Wales partners with small and local charities who help people overcome complex social issues. Through funding for core costs, developmental support and influencing policy and practice, the Foundation helps charities make life-changing impact.

During 2020, the Foundation awarded £24.8m to small and local charities helping people facing disadvantage. With the unprecedented circumstances of coronavirus such charities have been never more needed. The Foundation is an independent charitable trust funded by the profits of Lloyds Banking Group.
