

Funding for Local / Regional Infrastructure

Geographical areas

Local or regional infrastructure organisations can apply for funding if they meet our criteria and operate in at least one of the geographical areas listed below. Organisations can apply if either they work specifically in the listed local area, or the region that they work in includes at least one of the areas listed below. Organisations that operate nationally are not eligible to apply.

If your organisation operates in at least one of the areas listed below, you are eligible to apply:
